THURSDAY, SEPTEMBER 29. 1737.

91^o 706.

SPEECH of His Excellency JONATHAN BELCHER, Esq; Captain General and Governour and over His Majesty's Province of the Massachusetts-Bay in New-England, to the General Assembly of the said Province, August 4, 1737.

Members of the Council, and of the House of Representatives,

THE Reason of my Proroguing the General Court to this Time was, from an Expectation of the Arrival of His Majesty's Commission, appointing Commissioners for settling the Boundaries between this Province and that of New-Hampshire, which is since come to Hand, and Commissioners having met at the Town of Hampton in New-Hampshire (the first Instant) they received a Letter from Mr. Secretary Willard, in the Name of the Governor and Council, which Letter, the Answer of the Commissioners, shall be laid before you; wherein you will find they adjourned the 8th of this Month, that this Assembly might have Time sufficient to prepare and lay before the Commissioners 'the plain and full State of their Demands or Pretensions,' in Obedience to His Majesty's Royal Commission granted for this Service; I hope they will therefore diligently apply yourselves to an Affair, which so nearly affects the Province. The King having honour'd me with his Royal Commission for the Government of these two Provinces, I will act as a common Father to both, by endeavouring that Truth and Justice may take Place; and I think it best, that the Assemblies sit as to each other as they conveniently may. I shall cheerfully do every Thing on my Part to carry his Majesty's Orders into Execution, that thereby a happy End may be put to this long dependent Controversy.

J. BELCHER.

August 8. We hear that the General Court has taken his Excellency's Speech into Consideration, as well as the Affair relating to the Settling the Boundaries between the two Provinces, in order to a fair and just Judgment should be given therein, the Court have appointed and empowered a Number of their own Members, to repair to Hampton; accordingly set out on Saturday last, to wait on the Honourable the Commissioners, by Majesty appointed for Inquiring into, and Adjudging the said Boundaries, to lay before them, in Behalf of this Province, the State of the Claims and Demands of the Massachusetts, to the said Boundaries; and that there may be a full Bench of Honourable the said Commissioners for considering and settling the Affair, the General Court have sent Letters to desire the Commissioners living in the Jersey, to be present with the Commissioners already assembled at Hampton, and assist in settling the said Boundaries: And that an easy and free Communication may be had between the two Governments, His Excellency our Governour has been ordered to the General Court of the Massachusetts to be Adjourned to Salisbury, there to sit at the Meeting-House in the first Parish there, on Wednesday the 10th current, at 10 o'Clock before-noon; the Controversed Southerly Line of New-Hamp-

His Excellency the Governour intends to set forth on his Journey to his Government of New-Hampshire, To-morrow about 12 o'Clock, to lodge at Hen. Col. Appleton's in Ipswich, and to be there the next Day at Hampton, to which Place and Day the General Assembly of New Hampshire stands Proclaimed.

On Thursday in the Afternoon Mr. Benjamin Bagnall, jun. eldest Son of Mr. Benjamin Bagnall of the Town, Merchant, was married to Mrs. Anna Hawden, Daughter of Mr. James Hawden of this Town, Merchant, in manner of the Quakers; the Marriage was solemnized in the old Brick Church, the Quakers Meeting House not being large enough to

contain the vast Concourse of People of all Persuasions who came to see the Solemnity. The Parents of the married Couple gratefully acknowledged the Favour of having the Marriage solemnized in the said Meeting House. His Excellency our Governour, and several of the Council, and of the Justices, &c. attended the said Marriage; which was carried on with becoming Decency. It being a rainy Time, his Excellency favoured the Bridegroom and Bride with his Chariot.

YESTERDAY arrived a Mail from France, with the Paris Letter of Saturday last, which says, That the Baron de Neuhoft has sent Word to several of his Friends in that City, of his happy Arrival and joyful Reception in Corsica, and that he was making the necessary Dispositions to drive the Genoese entirely out of the Island. That M. D'Argenson was preparing to set out on his Embassy from the French Court to Portugal; and that the Count de St. Severin is gone with his Lady on his Embassy to Sweden.

The Letters by this Mail from Florence say, That the Prince de Craon is appointed Governor of Sicenna.

Those from Paris add, that on the 13th, O. S. the Church-Wardens of Fontainebleau, presented the King, Queen, and the Dauphin, with Baskets of the finest Fruits of the Autumn; and that this being the first Journey that the Dauphin ever made thither, a great Company of the Burghers of Fontainebleau, with Cockades and Ribbands in their Hats and Loops, and each a Laurel Branch in his Hand, met the Prince two Leagues out of the Town, preceded by Violins, Hautbois, and Drums, and attended him with that Symphony to the Castle, where there was a Bonfire at Night, and a Storm of Crackers, besides Illuminations at the Houses. The great Concourse of Lords and Ladies every Day at Fontainebleau, makes the Court there very splendid.

They have Letters from Madrid with Advice, that the King of Spain has fixed an Indulto of 16 per Cent. upon the Effects of the Flotilla last arriv'd from the Indies; which, 'tis computed, will bring in his Catholick Majesty 20 or 22,000,000 of French Livres, including what it brought for his own Private Account.

An Extraordinary Courier from the French Resident at Geneva, has brought Advice to his Court, that the Burghers as well as the Magistrates have accepted the Mediation which the King was pleased to offer, in Conjunction with the Deputies of Zurich and Bern, for accommodating their Disputes.

The last Advices received by the French Court from Constantinople say, That the Grand Seigneur, notwithstanding the loud Murmurs of the Janizaries, has at length determined to yield up his Pretensions to Afoph, for the Sake of Peace; but that he was resolved to give up no other Point to the Czarina.

The Letters from Vienna complain very much of the Want both of Health and Money among the Imperial Troops; and that those under the Command of the Prince of Saxe-Hilburghausen are so sickly, that he has not 1200 Men fit to serve; yet they still make Incursions into the Turkish Dominions, and bring off great Booty.

Letters of the 2d Inst. O. S. from Belgrade say, They write from Turkey, that the Porte had sent Orders to their Plenipotentiaries at Nimirow, that if they had not yet begun their Negotiations, they should return home.

They add, that since the March of the Imperial Grand Army towards Bosnia, the Turks hover so much about Nissa, that no Body dares to stir out.

From Petersburg they write, that the News of the Taking of Caffa by Storm, on the 8th of August, is confirmed by an Express from General Laszy, who is come for the Czarina's Orders, whether to preserve that Place, or to demolish it.

These Letters from Petersburg, which are of the 24th ult. O. S. say, That an Express arrived there the Day before from General Munich, with an Account, that he had dislodg'd the Turks near Bender; that thereupon the Grand Vizier was retired near the Danube; that the General afterwards block'd up Bender, and hoped to be Master of it soon after opening the Trenches.

A Treatise concerning Dignities, Offices, Pre-eminencies, and yearly Revenues, have been granted by the several Kings of England, since the Conquest, for the Honour and Maintenance of their eldest Sons. With sundry Particulars relating thereto. Printed for T. Cooper, at the Globe in Paternoster-Row.

The only short and infallible Cure
For that reigning Disease the SCURVY, and all Scorbuts, which tho' arrived to the highest and most inveterate Degree, never so many Years standing, and that without any tedious Cure, or the least Purgings, which by an unaccountable Mistake is generally advised, although always found rather to increase than confirm the Scurvy than cure it.

By the so much famed and most pleasant Chymical DRUG, WHICH, without the least Trouble, Confinement, or any Disorder whatever, does cure at the true Cause of the Scurvy, and entirely destroy it, and Scurvick Humours and Effects, Root and Branch, so never return again, as many Thousands of both Sexes have experienced, and as all who take them in 3 Days time will be cured, they almost instantly alter the morbid State of the Blood, sweeten all the Fluids, cleanse them from Impurities, directly clear the whole Habit from all Spots, Blisters, blue Marks, Itchings, foul Eruptions, or Breakings out, Swellings of the Limbs, languid Heaviness of the whole Body, Pains, Weakness of the Back, and all the vast Variety of Symptoms by which the Scurvy imitates and often lies concealed under the Appearance of the Rheumatism, and many other Diseases. And for strengthening the Stomach, immediately creating Appetite, causing a regular and easy Digestion of Food, and all windy Effects and Disorders of the first Passage (as flatulencies, Head-achs, Vapours and other Indispositions) no other Medicine upon Earth can compare with them, which besides infallibly curing the Scurvy in all its Stages and appearances, they also effectually and immediately cure the Gout in the Joints, Worms of all Kinds in young or old, and all other Chronic Diseases, (which are chiefly occasioned by Indigestion and flatulent Crudities in the Stomach and Bowels) and prevent Fevers, Agues, and other acute Illnesses. They are wonderfully Cordial and Restorative, strengthen and enliven the whole Machine, and as soon as taken, make the most pleasantly Lightness, Brisk and Vigorous to animation, and good for all Sorts of Persons, to preserve as well as to cure a sound and healthy State of Body.

But the great Reputation these famous and pleasant Chymical Drops have so universally gained among Persons of Temper for their suddenly and infallibly curing the Scurvy and distillick Humours, and other Chronic Diseases, in such an agreeable Manner, have occasioned many to imitate them, under the same, and others under other Names: Be careful therefore not to be deceived; but be sure to have the Right, which the Author's special Appointment, are to be had only in the following Shops, at the Two Blue Posts, in Haydon-Yard, in the Piazza, at 3 s. 6 d. a Bottle, with Directions.

To SMELL to, &c.
The Most Noble, Volatile SMELLING-BOTTLE
in the World, lately much improved.

WHICH smells to, momentarily fetches the most dismal fainting or swooning, and in a Moment removes Flushing, Vapours, Head-ach, Megrims, &c. It takes off all heavy Sleep, retards Swoonings, keeps up the Spirits to a Rattle, and by its Use admits of no Fainting; but invigorates and enlivens the whole Man, recreates and makes cheerful, tho' never so sad, and in a Moment raises all the Faculties.

It is a. o. to be taken inwardly by Drops, which effectually takes off and eradicates the very Cause; for it purges the Livers, cleanses the Brain, creates and restores the Stomach, removes Sickness from it, helps Digestion, cleanses the Blood; and, in a Word, is the greatest Chymical, Stomachick, Hepatick, and powerful Remedy possible.

Further, whereas many Persons of both Sexes, who use their Handkerchiefs with a few Drops of it, and find it useful, it is of singular Service in all the Cases above mentioned; and many Gentlemen, Ladies and Others use it after this Manner, purely because it gives a most fragrant and delicious Odour, that constantly both delights and refreshes the Senses, not only better than any thing of a stinky Kind (which is really hurtful to most Constitutions) but it also takes off what such Things do occasion by their Use, and relieves the Head and Brain from any ill Effects of them, Snuff, and instantly diverts from, and prevents the bad Sequences of any sudden, nauseous, offensive Smells, which is extremely necessary for all Gentlemen, Ladies, &c. who to be carried in their Pockets.

Sold now only at Mrs. Markham's Toy-shop, at the Stars under St. Dunstan's Church in Fleet-street, and at King's Picture-shop in the Poultry, at 2 s. 6 d. each.
